

Technical drawing of the main body of a vertical steam boiler. The drawing shows a cylindrical boiler with a conical bottom, a top-mounted steam drum, and a base with a water level gauge. Dimensions are provided in millimeters: overall width 6130, internal width 5225, total height 6270, and base width 6280. Other dimensions include 2070 for the upper section height, 820 for the lower section height, and 4200 for the main body height. Callouts 6, 7, 11, and 16 point to specific components, and "B" indicates a section line.
